GOV. DURBIN WRITES A LETTER TO PROUD FATHER OF TWINS.

Secretary Lockwood Makes an Addition to President Roosevelt's Data on Race Suicide Problem.

Stephen A. Reese, of New Albany, is the proud father of the third "consecutive" pair of twins and he has written a letter to the Governor setting forth his record on the race suicide problem, and, incidentally, inquiring if he is not entitled to a premium of some kind for his service to the State and country.

Governor Durbin replied with a note of congratulation, but was forced to inform Mr. Reese that the State of Indiana does not offer bounties for large families. Yesterday Secretary Lockwood forwarded Mr. Reese's letter to President Roosevelt.

The bids were referred to the acting city engineer.

CHARGES PREFERRED AGAINST HAUGHVILLE POLICEMAN.

Johnson Clark, Who Was Rapped on the Head While Intoxicated, Is the Complainant.

William Wilson, a Haughville patrolman, was arraigned before the Board of Safety yesterday afternoon on the charge of having brutally struck and beat a drunken man when there was no reason for this harsh action. Johnson Clark, a Shelby-street resident, is the man whom Patrolman Wilson assaulted, it is alleged. Moses Thompson, owner of a bicycle store at Michigan and Bismarck streets, preferred the charge against the officer. Thompson and other residents of the neighborhood testified against Wilson.

Clark, according to the story of the witnesses against Wilson, was drunk last Saturday night. He waved a handful of bills in Thompson's face. Thompson was standing in front of his place of business. After showing his money it is said Clark lay down on the sidewalk in front of Thompson's store and went to sleep. Patrolman Wilson came along about 9:30 o'clock and awakened Clark. Clark told the officer that he could walk all right, it was said, and that he knew where his home was. Then, it is charged, the officer struck the man over the head with his mace. Besides Thompson, J. B. Smith, A. Gore and Joseph Henry, all of whom were at the corner of Bismarck and Michigan streets at the time of the trouble they said, testi-

fled against Wilson. Wilson did not take the stand and he had torney, John Wall, asked for a continuance, and the hearing will be taken up again this

Case Against Man Charged with Beating Dying Wife Continued in the Police Court.

The case against Charles Segner, who was arrested last week by Bicyclemen Hull and Griffin on a charge of criminal neglect of his wife, whom, it is said, he beat while she lay on her death bed, was continued until one week from Thursday in the Police Court yesterday.

Segner, it is charged, allowed his wife and little son but 10 cents a day to live on and refused to provide medical attention for his wife, who was in the last stages of consumption. She died fifteen minutes after he was placed under arrest and Segner refused to attend her funeral, although released from the police station on bond shortly after he was arrested. The woman was buried by friends and neighbors and her body was later exhumed by the coroner as it was alleged that she died from a kick in the stomach delivered by her husband. No external marks of violence were found, however, but the man was held to trial for brutally beating his little boy, who testified against him in the Police Court

GOVERNOR IS SPURRING COUNTY OF. FICIALS TO DO THEIR DUTY.

Inquiries Made as to Progress of Cases Against Vanderburg, Monroe and Blackford Lawbreakers.

Judge Louis O. Rasch, of Evansville, informed Governor Durbin by letter yesterday that the men under indictment for participation in the riots that occurred in Evansville the first week in July will be placed on trial Sept. 8 and that the prosecution will be pushed as actively as possible. It is understood that this letter came in response to an inquiry from the Governor as to the status of the cases against the rioters. A similar inquiry from the Governor in regard to the cases against the Bloomington whitecappers brought from Judge J. B. Wilson, of the Monroe Circuit Court, a statement to the effect that the men will be placed on trial the first week in October. Some weeks ago six or seven men while on a spree brutally whipped a white woman, using a strand of wire for a lash. The men have been thrice indicted, the first two sets of indictments having been found defective on technical grounds. The Governor has been displeased with the delays in the cases. The Governor has also written the judge and prosecutor of Blackford county asking what steps have been taken for the prosecution of the men who comprised the mob that was formed there last week to revenge the alleged brutal assault by two negroes tion in the afternoon and at 4 o'clock an on a white boy. The mob scoured the couneducational sermon will be preached by ty for the negroes, and then came into Hartford City and searched the jail. Later it leeloped that the alleged assault was altogether mythical and that the boy had himself inflicted the injuries on his body, but this discovery was made too late to have prevented a probable lynching of any negroes who might have been so unfortunate as to have been in the mob's way. The Gov-ernor has received no reply to his letter.
